RECOMMENDATION CERTIFICATE

To whom it may concern,
It is our pleasure to provide this recommendation for MR:

Ayham Hussam Hammami

I have been part of the team developing the second version of the training management system for the web and mobile app at York British Academy.

The project commenced in October 2023 and is expected to be completed by September 2024.

As their supervisor for this project, I had the opportunity to observe their progress and contributions closely.

The team developed a live session system and a certificate export tool and applied blockchain storage techniques, demonstrating their high technical and analytical skills.

They successfully translated the academy needs into actionable project requirements, effectively managing each development phase.

Throughout the project duration, exhibited exceptional problem-solving abilities and efficiently navigated challenges.

Their communication skills were evident and facilitated seamless collaboration within the team.

Additionally, they consistently displayed polished presentation skills during meetings and periodic project reviews, demonstrating their unwavering commitment to the project.

Given their demonstrated capabilities, I am confident in their skills and ability to excel in future projects and cater to diverse client needs.
